# Our Products

Trans Atlantic Commercial Brokers LLC is distinguished by providing a full range of high quality agricultural and food products that meet the needs of global markets and contribute to supporting food security, here is a look at the highlights of what we produce and offer

## Herbs and spices

We are keen to provide the best types of herbs and spices such as coriander, cumin and hibiscus to ensure that the growing global demand for natural products with distinctive flavors is met, our products come from reliable sources to ensure their quality and pure nature.

## Oilseeds

We provide a distinguished assortment of oilseeds such as sesame seeds and peanuts known for their quality and effectiveness for use in the food and health industries, we seek to provide seeds that meet the highest health and safety requirements.

## Grains and legumes

We have outstanding experience in exporting and importing a variety of grains and legumes that meet the demands of different markets, such as wheat, soybeans, chickpeas and lentils, all of our products go through careful selection processes to ensure high quality and nutritional value.

## Fruits and vegetables

We offer a full range of fresh and dried fruits and vegetables while ensuring freshness and high quality are maintained through advanced storage and cooling processes, we seek to deliver these products to consumers in the best condition.

## Gum Arabic

The gum arabic that we offer is characterized by its high quality as it is harvested naturally from trees in Sudan, and has a use in many food and beverage industries, we are committed to providing this distinctive product according to international standards.

## Vegetable oils and animal fats

We offer a distinguished range of high quality oils, our products include vegetable oils such as pure olive oil, palm oil and sunflower oil, and we also provide animal fats that are characterized by their high nutritional value and being an ideal choice for the food industry and consumers who are looking for healthy and reliable products.

## Sugar

We offer high quality sugar, as it is produced according to the best international standards to be pure and free of impurities, which makes it an essential choice in the food industry, the sugar we offer is characterized by a homogeneous texture and rapid dissolution, which makes it ideal for use in baking, desserts and beverages, in addition to industrial sugar uses.

# Our Markets

Operating from our offices in the United Arab Emirates and Canada, where we provide instant access to global markets, our office in The United Arab Emirates allows us to centralize our operations through export and the development of trade relationships, while our office in Canada strengthens its presence in the North American market, facilitating access to fresh, high quality agricultural products.

# Social Responsibility

We are committed to making a positive impact on the communities in which we operate, supporting sustainable agriculture and promoting fair trade practices to enhance the well being of farmers and agricultural workers, supporting local communities, protecting the environment and developing the agricultural sector.

# Partnerships & Collaboration

We collaborate with farmers, agricultural cooperatives and international food companies, as well as a trusted supplier network and strategic alliances in the field of logistics, these partnerships contribute to maintaining a continuous flow of high quality products and supporting sustainability and community development.
